Dear Kiron Senapati:

The Economic Development Department has approved your firm's application for registration as a Small Business Enterprise with the Hillsborough County Board of County Commissioners for a period of two years, effective March 12, 2014.

Registration applies to the following approved line(s) of business:

Engineering, Environmental Compliance and Construction

Prior to the expiration date as set forth herein, the owner(s) and/or principals of the firm must complete at least eight (8) hours of formal business training to further their business acumen. Those firms that have been in business for more than 10 continuous years are *exempt* from this requirement.

The Department maintains a list of institutions and locations where courses are being offered, however this list is not exclusive. You can visit to our Small Business Information Center (SBIC) website at: <http://www.hillsboroughcounty.org/index.aspx?NID=2804>. Here you will find a current calendar of workshops and seminars, as well as, free online training classes. You may use the workshops and online classes as a resource to fulfill your DM/DWBE & SBE re-certification hours. The business owner(s) and/or principals may choose course offerings that are not on the Department's list, providing that the focus of such training is the improvement of the business' ability to compete in the current marketplace.

Re-registration will be granted upon receipt of an updated Small Business Enterprise Affidavit, plus evidence of successful completion of the education requirement as specified above.

If any changes regarding the ownership, size, or any material characteristics of the business occur, it will be necessary to complete another Disclosure Affidavit.

Hillsborough County reserves the right to revoke this registration at any time prior to the expiration date.

Sincerely,

A handwritten signature in blue ink that reads "Sheila Hudson".
